11. (SBU) The MFA informed us July 16 that no decisions have yet been made on who will attend the UNGA. A discussion with the Prime Minister's Special Assistant returned a similar response, including that no decision on the PM's travel has yet been made.

12. (SBU) Comment: In 2007, the MFA only informed us of its delegation composition shortly before the UNGA's opening (ref b). While last year's local electoral calendar played a role in the slow response, we anticipate that the GOTT will once again only decide its delegation much closer to the event. We will, however, continue to raise this question with relevant officials.
